THE present is a continuation of the tenth volume of the Hampshire Series. Vol. X, issued in 1907, contained the Marriages of the important parish of St. Thomas á Becket, Portsmouth, from 1653 to 1700 inclusive. This, Vol. XV, continues them from 1701 to 1775. At least another volume will be required to bring these Marriages down to the year 1837, when Civil Registration began.

Of the abstracts here given, those from 1701 to 1758 were made by Mr. A. T. Everitt and Miss G. Barell, who did the former volume. The proofs of these have been checked with the original Registers and the abstracts continued to 1775 by Mr. S. Andrews.

The whole are printed by permission of the Vicar, the Rev. R. S. Medlicott.

1379146

It should be remembered that previous to 1752 the year was calculated as beginning on the 25th of March, instead of the 1st of January, so that a marriage taking place on say 20th February 1725, would be on that date in 1726, according to our reckoning; but as the civil and ecclesiastical year were both used, this is sometimes expressed by 20th Feb. 172⁵.

In all cases where the marriage is stated to have taken place by Licence, that fact is recorded, as the searcher thereby knows that further information as to the age, parentage, and vocation of the parties is probably recoverable from the Allegations in the Archdeaconry or other office from which the Licence issued.

After 1753 it is to be assumed that all parties not otherwise described are stated to be of the home parish, and bachelor and spinster respectively.

It might be well to remind the reader that these printed abstracts of the Registers are not legal "evidence". For certificates, application must be made to the local clergy.

VOLUME VI.

[*This is a parchment bound volume, containing 132 parchment leaves (264 pages), measuring 15 in. by 9½ in. The first 133 pages contain the Baptisms, commencing 1st November 1748, and ending 31st December 1769—then follow the Burials, commencing also on 1st November 1748, and ending on 30th December 1769; these occupy 94 pages—at the reversed end of the volume are the Marriages, from 7th November 1748 to 31st January 1758, on 20 pages; followed by 17 blank pages. The parchment covers have been recently repaired, and three paper fly-leaves inserted at each end of the volume. From June 1754 the Marriage entries are shortened copies of those in Volume VII—the volume of printed forms introduced consequent on Lord Hardwick's Marriage Act coming into force.*]
